Revision History

Ver	Date	Author	Description
1.0	2005-02-11	ePeterso2	Initial version. All mixable boozes except tequila included.
1.1	2005-02-15	ePeterso2	Added tequila and fermenting powder recipes. Changed coloring for legibility. Added Advanced Cocktailcrafting map. Integrated data from KOL Item Effects page. Added optimal drinking strategy table.
1.2	2005-02-20	ePeterso2	Added adv/stat gain notes into the booze maps directly. Added drink category map. Added pages for best drinks for each stat. Added page for optimum drinking strategy without Liver of Steel (good for post-ascension planning). Added notes page.

Kingdom of Loating Bartending Guide Notes

- Data on stats is current as of 2/20/05
 - <http://www.lysator.liu.se/~jhs/KoL/effects/booze.rxml>
- Numbers, recipes, and strategies may change faster than this guide without warning, as Jick tweaks the system
- The phrase “quantum boozodynamics” is perfect for the second line of a haiku
- If you like the guide, send me (ePeterso2) some valuable trinkets of your appreciation!
